--ABSTRACT--

In the English translation document, please add the paragraph at page 11 line 1, after the newly added ABSTRACT section heading, as follows:

The invention relates to a low voltage circuit breaker which comprises a contact system for a principal current and an arc extinction chamber. An arc transmitting element is disposed between the contact system for the principal current and the arc extinction chamber. Said arc transmitting element comprises at least one arc guiding element which makes it possible to direct said arc in a certain manner to the arc extinction chamber.
